RE: Hartford and Haven Avenue, City of Mt. Vernon

Dear Eric:

Thank you for your timely resolution to the question of access to the rear of our building and for addressing the City's incorrect tax map. I cannot thank you enough for your willingness to solve our problem, without hesitation, despite only issuing a loan policy on the property.

Only those of us who have struggled with the inconvenience of convincing a municipality of their error can truly appreciate your success in obtaining an updated tax map in such a short period of time.

Electronic Land Services continues to show a level of dedication and expertise that is truly top notch.

I sincerely appreciate the time and attention you and your staff dedicated to resolving this matter. I look forward to working with you again on our next transaction.

Sincerely,

Jason Friedland
President
